The organizers kindly ask for not collecting models until end of the show.

**Liability:** Models are entered solely at the entrant's risk. IPMS Kraków and AK Museum are not liable for loss or damage to any model although we will do what we can to ensure safety of models.

**Evaluation:** In case of absence of the required number of models, the judges have the right to combine age groups (younger to older only) or classes of models.

In every class - according to the formula of the festival - will be at least three awarded prizes.

Number of awards in a class is conditional, based on the level exhibited in the models.

The evaluation model will be taken into account the following elements: quality of the model (combining accuracy and clarity of detail and painting), the degree of difficulty of the model, realistic appearance (the effects of painting, marking, and weathering) and the contribution of their own modeller work. Decisions of judges are final and not subject to dispute.

**Submission:** Every modeller taking part in the Festival is purchasing the ticket to allow entry to the Museum for two days of the event. Ticket price is 10zł for Seniors and 5zł for Juniors.
